

# XXXI National URSI Convention on Radio Science Electromagnetics 2008

**Espoo, 28. October 2008**

## General information

The XXXI National URSI Convention on Radio Science jointly with Electromagnetics 2008 will be held at the Helsinki University of Technology TKK in Espoo, Finland, on October 28, 2008. The convention is organized by the Finnish National Committee of URSI, CSC, the Finnish IT center for science, and the TKK Department of Radio Science and Engineering. The convention provides a forum for discussion of advances in the broad field of radio science and radio communications in Finland. The program will include contributed and invited presentations. No registration fee.

## Conference topics

Presentations from all URSI research fields are welcome. Special highlight is on

- B** - Electromagnetic Theory
- K** - Electromagnetics in Biology and Medicine

## Paper submission and conference proceedings

Papers must be submitted in final camera-ready form (PDF format) by electronic mail to [paper.submission@ursi.fi](mailto:paper.submission@ursi.fi). Templates and samples are available for downloading from the conference web page at <http://www.ursi.fi/2008>. Submitted papers are reviewed by the Technical Committee. Accepted papers (maximum length 2 pages) will be published in the conference proceedings and on the conference web page.

## Important dates

Paper submission	<b>September 9, 2008</b>
Notification of acceptance	<b>September 30, 2008</b>
Registration by	<b>October 15, 2008</b>

More detailed information can be found on the conference web page <http://www.ursi.fi/2008>. Specific questions and requests can also be sent by email to the conference secretary Jaan Praks at [ursi2008@ursi.fi](mailto:ursi2008@ursi.fi).
